Office of Education  
County

### Workshop Highlights

School and district teams will learn how to mobilize complex, whole-system change and transform learning for all students and measure learning in authentic ways. This session includes practical tools and processes to engage students, educators, and families in new partnerships and drive deep learning.

Topics to be addressed:

- The Deep Learning Framework
- Vignettes and case studies from K-12 classrooms in 1,200 schools in seven countries
- Guidance for reaching disadvantaged and differently abled students
- Sample protocols and rubrics for assessment
- Videos demonstrating deep learning design and innovative leadership in practice.
